

DIVER 6

6" MULTISTAGE SUBMERSIBLE PUMPS

DOMESTIC WATER SUPPLY

Multi-stage powerful submersible pumps ideal for rain water systems, operating sprinklers, pumping water from tanks, cisterns, ponds and wells and other applications that require high pressure. Available with 2, 3 and 4 impellers. Suitable to pump clear water.
Anti-corrosive and rust-proof materials.
Motor with thermic overload protection.
Wear resistant shaft.
Anti-debris stainless steel strainer.

Excellent cooling of the motor that enables the pump to operate even when it is partially submersible. Automatic version with start/ stop float switch. Supplied with power cable with plug, non return valve and 4-step fitting.
